Clients Testimonials

2019 – Foundation & Early Development

- Trinumics was founded in 2019 with a vision to provide reliable IT and hardware solutions.
- Initially focused on local hardware support and maintenance services, catering to small offices across Mumbai.

2020 – Strengthening Hardware & IT Support Services

- Expanded its client base, providing on-site maintenance and hardware support to businesses.
- Established partnerships with local vendors to source high-quality computer and laptop accessories.

2021 – Growth in IT Infrastructure & Service Expansion

- Introduced custom-built PC solutions for businesses and gaming enthusiasts.
- Began offering AMC (Annual Maintenance Contracts) for IT hardware support, ensuring long-term client relationships.

2022 – Remote IT & Software Development Services

- Transitioned towards remote support services, expanding beyond Mumbai to serve clients across India.
- Started website and application development, offering tailored digital solutions to businesses.
- Established help desk support services, enabling real-time troubleshooting for clients.

2022 – Remote IT & Software Development Services

- Launched the development phase of Trinumics' e-commerce platform, focusing on computer and gaming hardware.
- Expanded CRM development services, catering to businesses needing streamlined operations.
- Strengthened its technology consulting division, providing businesses with digital transformation strategies.

2024 – Official Registration & Future Growth

- Trinumics was officially registered as a company, marking a significant milestone.
- Expanded into full-scale IT services, covering development, deployment, administration, and AMC support.
